“The Hair Beads”

All Nubian Islamic Hebrews are to change the colours on their hair beads to green, yellow, black, yellow and red.

Replace from white, black, red & gold.

Those are the colours of the Ethiopian flag, our colours.

As a people our holy land is Axum, the holy site is Lalibella. Both sites in Africa's Ethiopia.

The 11 temples of Lalibela are for the 11 real and true disciples of Yashu’a Bar Yusef without Judas as the 12th.

So, they only built 11 churches for the 11 real ones not to be mistaken for some names found in those mis-translated and made-up Bibles today.
